PRODUCT CATALOG

The background of the image is a close-up, abstract view of a liquid surface. The liquid is primarily a pale, off-white color, with numerous small, irregularly shaped patches of a bright, metallic gold color. These gold patches vary in size and density, creating a sense of depth and movement as if the liquid is flowing or being stirred. The overall texture appears slightly grainy and organic.

About Us

Why Choose Us

Our Products

Contemporary Closet Doors

Traditional Closet Doors

Framed Wall Mirrors

Cut to Size Mirrors

About Us

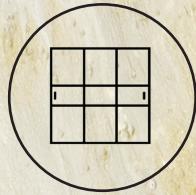

Chaparral has over 20 years of experience in designing and manufacturing a full line of interior closet doors and mirror products.

Chaparral is owned by Patrick Industries, Inc., a publicly traded company (NASDAQ: PATK) that engages in the manufacture of component products and distribution of building products for industrial markets throughout the U.S.

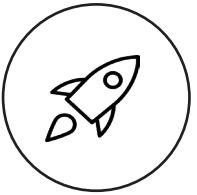

Bringing innovation, knowledge, and experience to market.

Why Choose Us

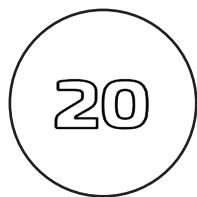

WE CAN PRODUCE

We have manufactured over 2,300,000 interior closet doors and mirror products into the U.S. market.

SPEED TO MARKET

Customer demands continue to compress lead time expectations for products. Chaparral has met and exceeded these challenges with a second to none speed to market track record.

OVER 20 YEARS EXPERIENCE

Chaparral has over 20 years of experience in designing and manufacturing a full line of interior closet doors and mirror products.

SUPERIOR CUSTOMER CARE

Timely, responsive customer support with quick quoting and technical response turnarounds.

MADE IN THE USA

Our products are proudly made in America.

QUICK LEAD TIME

With Chaparral's production capabilities and its unique proximities to major markets, our lead times are averaging between 7 to 10 days.

Our Products

Contemporary Closet Doors

The combination of wide solid wood frame and mirror, polar white or opaque white laminate glass adds a contemporary and urban flare to a home. Its simple yet elegant design makes these doors a popular choice in today's residential build.

Traditional Closet Doors

Commercial grade rust resistant aluminum and steel framed doors provide functionality and beauty to any room. Category II, safety backed mirror ensures high quality mirror images without distortion.

Framed Wall Mirrors

Our custom framed wall mirrors are not only designed as vanity mirrors but decorative mirrors for all areas in a home. They add the perfect touch to any interior providing the perfect balance of functionality and aesthetics.

Cut-to-Size Mirrors

Our cut-to-size mirror program provides a wide range of mirror sizes. Commonly used as vanity mirrors, these mirrors come with various edgework options. We offer custom sizes.

The background of the image is a close-up, abstract view of a liquid substance with a marbled pattern. The colors are primarily light beige and off-white, with darker, yellowish-gold streaks and patches. There are numerous small, circular bubbles of varying sizes scattered across the surface, some appearing as individual dots and others as small clusters. The overall texture is fluid and organic, resembling the surface of a liquid like oil or paint.

A vertical poster featuring a background of abstract, marbled patterns in shades of yellow, white, and light grey. The patterns resemble liquid or paint swirling together, creating organic, flowing shapes. In the bottom left corner, the words "QUALITY.", "PRODUCT.", and "INNOVATION." are stacked vertically in a bold, dark blue sans-serif font.
